## CO. F IS WELCOMED BACK TO HYATTSVILLE

Whole Town Turns Out to Welcome Militiamen Back From Duty on Border.

HYATTSVILLE, Nov. 5.—With torches blazing and women and children cheering, the boys of Company F, First Maryland Infantry, rolled into town on a special train last night after a four months' stay on the Mexican border.

All Hyattsville turned out to greet the guardsmen as they tramped up the main street from the station while the band endeavored to make itself heard above the shouting of the mothers, sisters and sweethearts.

At the armory the guardsmen put their guns in the racks and stepped out into the streets to greet their waiting relatives. Although most of them wanted to go off with their own little circle of friends, they were told they were wanted at Masonic Hall.

There a surprise awaited them in the form of a dinner prepared by the Ladies' Auxiliary.

Following the dinner the boys were formally welcomed home by Mayor John Holden, who lauded the patriotic spirit in which they had answered their country's call. Charles W. Claggett and Matthew F. Halloran also spoke.

On behalf of the Ladies' Auxiliary, Mrs. R. E. White presented the company with a handsome silk American flag. Capt. Oswald Greengard accepted for the company.

The guardsmen danced until midnight and then went to their homes in all parts of Prince George's county, just plain citizens once more.

Company F is regarded as one of the most efficient units of the Federal militia. In less than an hour after President Wilson issued the call for the guardsmen in June, Captain Greengard notified the War Department that his company was ready for orders. A similar demonstration greeted the boys of Company K when they arrived at their home, Silver Springs, Md., last night.

## Socialist Mayor Bought Coal for Townspeople

CANTON, Nov. 5.—Mayor D. S. Braco, Socialist, has obtained permits on the city's contract for supplying coal for the electric light plant and turned it over to the coal dealers, to be distributed so every householder will receive enough to tide him over the shortage.

With hundreds of orders confronting them, Connecticut coal dealers have only a few tons of coal on hand and no immediate possibility of getting more. The first real cold weather promises suffering in this city.

## Diver Butts Huge Fish, Hauls It In Helpless

WEST BEND, Wis., Nov. 5.—James Cullman, a semiprofessional ball player, is also a fisherman. A few days ago Cullman took a fishing trip to Cedar lake, but did not have much luck. Before leaving for home Cullman decided to take a dip, and while diving near the old mill collided with a big pickerel. The fish, stunned by the blow, rose to the surface, and was captured by Cullman.

Cullman was nearly stunned by the shock of the collision with the fish, but recovered in time to make a captive of the pickerel.

## Killed Himself Running To Get to Work on Time

BREMERTON, Wash., Nov. 5.—Because Wesley Antony, fifty-four years old, didn't want to be late for work recently he ran seven miles around the shores of Puget sound. When he arrived at the navy yard he collapsed and died a few moments later in the Marine Hospital. Antony missed a Government launch, which took workmen from across the sound to the yards. He started to run because he didn't want to be "docked." He leaves a widow and five children.
